### Introducing our new President/CEO

Arthur L. Lehman, who prefers to be called Art, has been welcomed with open arms by our board of directors, supervisory committee, and staff as our new President/CEO. Art has over 21 years of financial and executive experience, including over 15 years as a credit union CEO. He also has a broad range of lending and collection expertise. Art is a graduate of Illinois State University and he has taken numerous credit union courses, over the years, from credit union affiliates such as CUNA, NCUA, and state credit union leagues to further his education and continue his professional development. He has been certified as a Financial Counselor by CUNA as well. Art has a proven record of driving income and growth through streamlined operations. In addition to being very innovative and resourceful, Art has a multifaceted perspective and understanding of today's economic conditions and consumer needs.

Art is from Kokomo, Indiana. He has been married to his wife, Cindy, for 30 years, and they have two daughters and four grandchildren. Moving to Lee County allows Art and Cindy to be in the middle of their daughters and grandchildren. Plus, they have relatives nearby that they longed to be near. Before moving here, Art was very active in the credit union movement with the state league and local chapter. He has served as Director and Past President of the North Central Chapter of Credit Unions. In the community, he was a member of the Greater Kokomo Chamber of Commerce and a member of the United Way Project Access Council. Art is a veteran and he is very passionate about serving other veterans. As a result, he was very active with Mission United, Howard County Veterans Court, Indiana Veterans Military Hall of Fame, and the American Legion Post #6. Art is looking forward to becoming active in our community, especially pertaining to veterans.

Art's vision for the future of Four Seasons Federal Credit Union is to improve upon what the credit union is already doing well, serving our members, and providing new services and loan options to meet our member's needs. Going forward, he wants to go back to our credit union's philosophy of **"People Helping People."** He wants us to be the trusted financial partners for our members.

We will be here to provide financial counseling to those members that ask for our help. Whether help is needed with creating a monthly budget, assisting with a savings regiment to prepare for a future expense, or helping to develop a plan for retirement, we will help. We will be here to provide our members with loans. Whether it be a new or used vehicle, a recreational vehicle, a signature loan, share secured loan, credit card, home improvement loan, or help buying a home, we want our members to come see us. Under his leadership, he says, "We will look for ways to make a loan, not turn one down." Please stop by the Pepperell Location. Art would love to meet you, and see if he can help YOU with a loan!
